QUASAR SHISHA HEAD

Our signature house shisha head, designed to hold more flavour, it delivers a smoother, **longer-lasting** session with reduced harshness, minimal ash contact, and balanced performance from start to finish. Selected for precision, consistency, and control. The Quasar system integrates the bowl and heat management into a single sealed unit, regulating airflow and temperature for an even, clean burn.

RUSSIAN COSMO HEAD

Crafted for true shisha connoisseurs, the Cosmo Hookah Bowl delivers an intense, high-potency session designed for those who appreciate **strength over volume.** Holding a smaller amount of flavour, it focuses on concentrated heat management and bold delivery, producing a rich, powerful smoke. Expect a shorter yet elevated experience, lasting approximately **45 minutes to 1 hour.**

DOUBLE HEAD EXPERIENCE

Enjoy two shisha heads in one session. After the first hour of your shisha, a fresh head is automatically prepared and served, ensuring uninterrupted flavour and optimal smoke throughout your experience.

Ornate metalwork rises like a sculpture, layered with intricate detailing and crowned with refined finishes that catch the light from every angle. It delivers a smooth, confident draw beneath the drama, balancing performance with pure visual theatre. A centrepiece shisha, made for tables that refuse to blend in.
